Strong	*Strong*	*Strong*

17 October 2026

Claude Skill and Plugin by Alex Labat

Executive Summary

This crawl is later on 17 October 2026 than the rerun that scored SEO 8, GEO 7, and AEO 8. GEO moves to 8 because the blog now has a named person in the schema and the three posts are about 600 words. SEO stays at 8: Add Page Numbers and the short meta descriptions improved, and Split, Reorder, and Merge are still under 500 words. AEO stays at 8 because the homepage answer is right, while the image-to-PDF badge still says "Free: up to 25 pages per conversion." Combined score: 24/30, up from 23/30.

Score change

Baseline is the full-audit rerun earlier on 17 October 2026.

Dimension	Earlier	Now	Change	Why
SEO	8/10 Strong	**8/10 Strong**	**0**	Add Page Numbers and the short descriptions improved inside an already Strong score. Several tools remain under 500 words.
GEO	7/10 On Track	**8/10 Strong**	**+1**	Atanas Ignatov is now a Person author. The image-to-PDF badge still says 25 pages, so this stops at 8.
AEO	8/10 Strong	**8/10 Strong**	**0**	The homepage snippet answer was already correct. The badge on the head tool is why this did not rise.
Combined	**23/30**	**24/30**	**+1**	

Current scores

Dimension	Score	Status	Key takeaway
SEO	**8/10**	Strong	Main tools and the posts are deep enough. Titles and a few organizer tools still need work.
GEO	**8/10**	Strong	A named manager is in the graph. One visible badge still states the wrong unit.
AEO	**8/10**	Strong	FAQ and HowTo are in place. The image-to-PDF badge can be lifted as the wrong answer.
Combined	**24/30**

SEO Analysis

Score: 8/10 Strong. Unchanged from the rerun earlier today.

Technical On-Page

Signal	Finding	Status
Title tags	Unique and keyworded. Homepage visible title is "Private PDF Tools — No Upload, Free & Local". /pdf-tools, Add Page Numbers (64 in the tag), Split, Reorder, and PDF to Text still exceed 60 characters once the brand suffix is included. Blog index is only "Blog | Local2PDF".	**Needs Attention**
Meta descriptions	Present. Compress and crop moved to 155 characters. Privacy is 154. Homepage is 138. The three posts are 110, 111, and 129. Security and changelog are 113. Terms is 191.	**Needs Attention**
H1 and viewport	Every HTML page fetched has one H1 and a viewport meta tag.	**Good**
Canonicals and robots	Self-referencing canonicals. index, follow on the pages in this crawl. extract-images-from-pdf stays out of the sitemap.	**Good**
Open Graph	Image to PDF uses /og/image-to-pdf.png and its OG description says 25 images. Homepage and /pdf-tools share /og-image.png. /blog has og:title and og:description and no og:image.	**Needs Attention**
Internal links	Footer reaches the blog. The limit article links Image to PDF, the format landings, and Merge PDF.	**Good**

Content Quality

Signal	Finding	Status
Head terms	Image to PDF 636, Compress 584, PDF to JPG 514, Add Page Numbers 680 (was 280). These clear 500 words.	**Good**
Articles	The three posts are 634, 619, and 592 words, up from 287, 276, and 261.	**Good**
Still under 500	Split 380, Reorder 379, Merge 436, Combine Images 465, Extract Pages 481, Resize 488. About is 247. The blog index is 171.	**Needs Attention**
Freshness	Posts are dated 17 October 2026. Changelog and many sitemap lastmod values still say 24 July 2026.	**Needs Attention**

Structured Data

Signal	Finding	Status
Organization	parentOrganization Firmify EOOD, Bulgaria, sameAs for GitHub and Product Hunt, support email.	Good
Tool graph	WebApplication, Offer, FAQPage, HowTo, and BreadcrumbList on the tool pages checked.	Good
BlogPosting	Each post has a Person author: Atanas Ignatov, jobTitle "Manager of Firmify EOOD", worksFor Firmify EOOD.	Good
Sitemap	Direct request returned XML with 35 URLs, including the blog. A separate markdown fetch of the same URL returned 500.	Needs Attention

GEO Analysis

Score: 8/10 Strong, up from 7/10 On Track.

E-E-A-T Assessment

Signal	Finding	Status
Named author	Visible byline: "By Atanas Ignatov, manager of Firmify EOOD, the operator of Local2PDF." About and llms.txt repeat the role. The Person node has a job title and employer, and no bio, photo, or sameAs.	Good
About page	247 words. It names the operator, the manager, and three products. It does not show credentials beyond the manager title.	Needs Attention
Contact	support@, privacy@, and security@ on /contact. No phone or street address.	Needs Attention
Trust proof	Security still invites a Network-tab check and names jsPDF and PDF-lib. No testimonials, awards, or press quotes.	Needs Attention

Content for AI Synthesis

Signal	Finding	Status
Limit fact	Homepage FAQ, llms.txt, the article, and the image-to-PDF body agree on 25 images. The hero badge on /tools/image-to-pdf still reads "Free: up to 25 pages per conversion." The article tells readers to treat a bare "25 pages" line as a mistake.	Needs Attention
Advertising fact	The homepage FAQ says the site is supported by advertising. ads.txt says display ads are off and lists no seller.	Needs Attention
Citable detail	The limit article specifies batching, which format pages share the cap, and that compress is beta. Security names the libraries without linking their docs.	Good

Entity	Local2PDF, Firmify EOOD, and Atanas Ignatov are named the same way on About, the blog, and llms.txt.	Good

Technical GEO

Signal	Finding	Status
AI crawlers	robots.txt allows GPTBot, OAI-SearchBot, ChatGPT-User, Google-Extended, PerplexityBot, anthropic-ai, and CCBot.	Good
llms.txt and ai.txt	Both live. llms.txt now points at the blog and names the author.	Good
HTTPS and HTML	Copy, the badge, and JSON-LD are in the initial HTML.	Good
Speakable	No SpeakableSpecification on the homepage, tools, or posts.	Missing

AEO Analysis

Score: 8/10 Strong. Unchanged.

Featured Snippet Eligibility

Signal	Finding	Status
Homepage answer	"How many images can I convert at once?" is answered with the 25-image rule in one paragraph.	Good
Conflicting badge	On /tools/image-to-pdf the first limit line a reader sees is "Free: up to 25 pages per conversion." The OG description and the guide below say 25 images.	Needs Attention
Lists and tables	How-to steps remain. Compatibility is still the comparison table.	Needs Attention

Structured Answer Formats

Signal	Finding	Status
FAQ and HowTo	FAQPage and HowTo are on the tool pages. BlogPosting is on the three posts. The homepage FAQ answer matches the visible FAQ.	Good
Question headings	FAQs are questions. Tool section titles are still "How it works" and "How It Works", not "How do I convert images to PDF?".	Needs Attention
Speakable	Not present.	Missing

Voice Search Readiness

Signal	Finding	Status
Conversational answers	Short "No" answers on upload, account, and watermark are easy to read aloud.	Good

Long-tail URLs	HEIC, screenshots, n-up, page numbers, and the limit article each have a URL.	Good
Local NAP	Email and country only.	Needs Attention

Priority Recommendations

Priority	Issue	Dimension	Effort	Impact
Critical	Change the image-to-PDF badge from "25 pages" to "25 images"	GEO	Low	High
High	Expand Split, Reorder, and Merge past 500 words	SEO	Medium	Medium
High	Add a short bio, photo, or profile link for Atanas Ignatov on About	GEO	Low	Medium
Medium	Align the homepage advertising sentence with ads.txt, which says display ads are off	GEO	Low	Medium
Quick Win	Trim titles that exceed 60 characters, starting with /pdf-tools and Add Page Numbers	SEO	Low	Medium
Quick Win	Add an og:image to /blog and lengthen the three post descriptions past 150 characters	SEO	Low	Low

Core Web Vitals and backlinks were not measured. Use PageSpeed Insights at pagespeed.web.dev for speed.

What's Working Well

Strength	Evidence from this crawl
Named person in the graph	BlogPosting author is a Person, Atanas Ignatov, jobTitle Manager of Firmify EOOD, worksFor Firmify EOOD.
Articles got specific	The limit post is 634 words and states which tools share the cap and which do not.
Thin tool closed	Add Page Numbers grew from 280 to 680 words.
Descriptions lengthened	Compress and crop meta descriptions are 155 characters. Privacy is 154.
ads.txt is honest	The placeholder publisher ID is gone. The file says there is no authorized seller.
Tool markup held	WebApplication, FAQ, HowTo, breadcrumbs, canonicals, and per-tool OG images are still on the tool pages.
